ABSTRACT

This bibliography is designed to provide Saskatchewan (Canada) teachers with steps to introduce a multi-resource approach to teaching Social Studies and History. The bibliography is designed to assist educators in choosing a variety of appropriate resources to support the Social Studies 20 and History 20 curricula. Items listed are intended to promote the philosophy of resource-based learning in which the curriculum is supported by a variety of resources rather than a single textbook. The resources include videotapes, CD-ROM programs, maps, computer software and various print resources. Each entry lists the following information: title, media designation, author, series, publisher, distributor, date collation, order number, price, and a brief annotation. Audiovisual citations include the title, media designation, series, producer, distributor, date, length, duplication order number and an annotation. A subject and unit index also provides information related to the environment, human rights, population, wealth and poverty, world governance, and history. Seventy-four distributors are identified for teachers who wish to incorporate specific materials into their social studies and history programs. (JAG)

Foreword

Steps to a Multi-Resource Approach to Teaching Social Studies and History

This bibliography is designed to assist educators in choosing a variety of appropriate resources to support the Social Studies 20 and History 20 curricula.

The items listed are intended to promote the philosophy of resource-based learning in which the curriculum is supported by a variety of resources rather than a single textbook. The resources in this bibliography include videos, CD-ROM programs, maps, computer software and various print resources. This multi-media approach provides students with opportunities to interact with a wide range of materials in a variety of learning situations. Although human resources are not included, it is important that they be accessed as well. Every community has capable people who can enrich educational experiences.

When using this bibliography as a selection aid, the following suggestions may be helpful.

Background Review

The resources in this bibliography are recommended for support of the Social Studies 20 and History 20 curricula. However, it remains the responsibility of educators to preview and select materials that best meet the needs of their particular schools and communities. It is suggested that:

- the Curriculum Guide(s) and Activity Guide(s) be reviewed;
- the school division's selection policy be reviewed; and,
- resources on evaluating materials for bias and those on resource-based learning be consulted. For example, the Saskatchewan Education, Training and Employment publications *Diverse Voices: Selecting Equitable Resources for Indian and Métis Education* (April 1992), and *Selecting Fair and Equitable Learning Materials* (March 1991), should be reviewed. Saskatchewan Education, Training and Employment has distributed these publications to schools. Additional copies are available for purchase from the Book Bureau.

Analyzing Present Resources

The bibliography may be cross-referenced with the school resource centre catalogue in order to identify suitable resources already present in the school library collection.

Materials in the present collection should be assessed based on the needs of the curriculum,

the community, the students and teachers. Considerations of needs include:

- reflection of curricula philosophy;
- accuracy, currency, readability; and,
- relevance, adaptability and versatility of resources.

Points for Consideration in Acquiring New Resources

- Resource needs not met by the present collection could be identified by teachers and the teacher-librarian working together. Possibly some materials that would support several grade levels and subject areas could be ordered.

- Video programs available for duplication from Media House Productions (MHP) are high quality programs that can be acquired at a nominal cost. Schools are responsible for costs of postage, a duplication charge of $1.00 per title, blank tape and applicable taxes. Media House Productions also offers many excellent 16 mm films for loan. For further information, please consult the current Media House Productions catalogue of audiovisual resources that is sent to each school yearly. The address, and telephone and fax numbers are listed in the Distributor Directory.

- Library wholesalers and publishers are sometimes willing to provide a display of recommended materials at the school division level to give educators the opportunity of previewing materials prior to purchase.

- Some distributors provide preview copies of materials on a trial basis or allow purchased items to be returned for a small restocking fee. For example, the Book Bureau will usually permit inappropriate items to be returned if they are in saleable condition. However, a 10% restocking fee of up to $2.00 per item will be charged.

Educators interested in purchasing material should contact the distributors listed in the Distributor Directory at the end of this document or **place a special order for all Canadian materials (except Media House Production's materials) through the Book Bureau.** For further information please contact the Book Bureau. The address, telephone and fax numbers are listed in the Distributor Directory.

It should be noted that prices quoted do not include applicable taxes and are subject to change, but will serve as a guide to approximate costs. Book Bureau prices include shipping and handling fees. Most other distributors or publishers have an additional charge for shipping and handling.

Saskatchewan Education, Training and Employment has provided, free of charge, one copy of this bibliography to each school that offers Grade 11. Additional copies can be purchased from the Book Bureau or schools may photocopy this publication.

How to Use the Bibliography

The bibliography is organized into four sections: Titles and Descriptions, Subject and Unit Index, Media Index and Distributor Directory.

Titles and Descriptions

Titles are listed alphabetically. The citations provide bibliographic information, sources, annotations and suggested unit(s) of study. The abbreviation hdc. denotes hardcover edition, while pbk. denotes paperback edition. ISBN is an abbreviation for International Standard Book Number, which can usually be used as an order number. Dup. is an abbreviation for duplication which means that the video is available for duplication from Media House Productions.

An example of a citation for print is:

Title **Media Designation** **Author** **Series** **Publisher** **Distributor** **Date**

Acid Rain (Print-Non-Fiction). Hare, Tony. (Save Our Earth). Gloucester (NEL), 1990.
32 p. ISBN 0-531-17247-3 ($22.65 hdc.)

Collation **Order No.** **Price**

Annotation

Using large, colourful illustrations, diagrams and photographs, this book gives a short overview of the problem of acid rain, what is causing it and what can be done about it.
Suggested Use: SS, Unit 3

An example of a citation for audiovisual material is:

Title **Media Designation** **Series** **Producer** **Distributor** **Date**

The Outbreak of the First World War (Video). (Warwick History Videos). Britannica (MHP), 1987.
27 min. Dup. order no. V4004

Length **Duplication Order No.**

Annotation

The assassination of Archduke Francis Ferdinard at Sarajevo brought about a series of international diplomatic maneuvers that ultimately led to World War I. This program explores the background to Sarajevo and why German mobilization precipitated European hostilities.
Suggested Use: H, Unit 1

Note: "Suggested Use" provides ideas for the subject(s) and unit(s) for which the material could be utilized. Of course, teachers will have other suggestions and we encourage them to employ the resources for as many teaching situations as possible. The abbreviation SS denotes Social Studies and H denotes History.

Subject and Unit Index

Titles are listed alphabetically under each unit for Social Studies and History.

Media Index

Titles are listed alphabetically under each media designation.

Distributor Directory

The abbreviations, enclosed in parentheses, following the publisher or producer, represent the distributors. The full names and addresses of these companies are given in this section.

Five Centuries Later (Video). National Film Board (NFB), 1991. 54 min. Order no. 1-10190-094 ($26.95)

Since the Indian farmers in Guatemala and Bolivia were driven off their fertile land, they have been forced to destroy more and more of the rain forest in order to gain a basic living. However, in spite of their poverty, some of them are struggling to conserve what land they can. This video depicts the lack of government support, the demoralization caused by European education, the ineffectiveness of development projects, and the Indians' lack of power in government. The conclusion is reached that the Indians do not have much to celebrate in the five hundredth anniversary of Europeans coming to America.

Narrative of the Life of Frederick Douglass, an American Slave (Print-Non-Fiction). Douglass, Frederick. Anchor (DOU), 1989. 124 p.
ISBN 0-385-00705-1 ($5.95 pbk.)

First published in 1845, this autobiography of one of America's first black statesmen, is a vivid account of slavery in the American South. Clear and to the point, the text documents the brutality to which Douglass was exposed, how he managed to learn to read, and his escape to New Bedford with help from Abolitionists.

Nat Turner: Slave Revolt Leader (Print-Non-Fiction). Bisson, Terry. (Black Americans of Achievement). Chelsea (FHW), 1988. 111 p. ISBN 1-55546-613-3 ($26.95 hdc.), ISBN 0-7910-0214-4 ($10.95 pbk.)

Supplemented by illustrations and photographs, this book documents the life of the man who led the

successful slave revolt in Virginia in the 1830s. Teachers may want to note that Turner is consistently portrayed as a hero and martyr even though he and his followers killed not only entire families of whites, including babies, but a schoolhouse full of children as well. It may provide a good starting point for a debate on whether this kind of violence, even aimed against such institutionalized abuse as slavery, can ever be justified.

This resource makes extensive use of primary sources to support case studies examining major themes in post-World War II history. Each unit begins with historical background followed by two or three case studies offering different perspectives. Critical thinking questions and activities supplement each primary source document, along with photographs, maps and illustrations. Following an introduction on "The Craft of History," the book covers two major confrontations of the Cold War, key issues in North-South divisions, justice as pursued in Israel and South Africa, social change in China and Mexico City, as well as nuclear bomb testing and birth control. A final unit describes three types of interdependence: military (UN), economic (Japanese motor industry) and ecological (development in the Amazon).

The Teacher's Resource Book supplies additional information, with supplementary resources, maps, graphs, and primary source documents. It also provides teaching suggestions and answers to questions posed in the resource.
